### Solapur University

Bachelor's Of Computer Application  
2016 – 2019

## PROFESSIONAL EXPERIENCE

### Cloud Developer

Company Name: Ps International Info service Pvt Ltd

Duration : 7 Jul 2022 to 1 Nov 2023

## SKILLS

- Html
- CSS
- Java Script
- Bootstrap
- Aws
- Jenkins
- Ci
- Cd

### project :Internet Banking

Description :

CI/CD automates steps in a software delivery pipeline. How did we ever live without automatic builds and deployments? I remember the days of only being able to deploy code once a quarter due to the manual labor required and the risks to stability! This project is a fun one to introduce CI/CD on AWS. We'll automatically deploy website changes to production when the code is checked in. Plus, you can use the S3 bucket you created in the Launch a static website on Amazon S3 project as a jumpstart.

## CERTIFICATIONS

- Front End Developer Certification

### Responsibilities

Worked on implementing AWS Cloud Services such as EC2, S3, RDS, ECS, ElasticLoad Balancer, Auto Scaling groups, CloudWatch and CloudFront.

\* Creating and Maintaining EC2 instances, creating AMIs, EBS snapshots.

\* Creating S3 buckets, copying Server logs onto S3 for backup and maintaining S3 object lifecycle.

\* Creating VPC peering connections between DEV, QA and PROD networks.
